

Proven Integrity. Delivering Value.

Near-Net Shapes and Concast

Near-net shapes from Concast offer the industry's best value in copper alloy bar stock. These custom shapes can be developed to the customer's **exacting specifications** based on the end-use parts being produced.

The use of **near-net shapes** results in faster throughput, lower tooling costs, and extended equipment life.

Near-Net Shape Alloys From Concast

STANDARD-STOCKED ALLOYS

C86300	C89835	C90300	C93200	C95400
C95500	C95510*	C95900		

OTHER AVAILABLE ALLOYS

C83600	C84400	C90500	C90700	
--------	--------	--------	--------	--

*AMS 4880

Utilizing near-net shapes reduces:

- Raw material purchases
- Machining amounts and times
- Scrap generation

Contact us today to find out how we can improve the reliability and profitability of your near-net shape supply chain.
